Elegant, Spacious Lafayette Home in Coveted Trails Area

Custom built in 2002, this Lafayette Trails Area home features an open plan modern design. Set among older homes in a long established Lafayette neighborhood, you're just steps from the Lafayette-Moraga Trail and minutes to downtown Lafayette. The spacious entry invites you into the living area with cathedral ceilings, a fireplace, and French doors opening to the wraparound porch. The kitchen, just off the great room, features top of the line appliances and an island. Warm tones compliment the soaring ceilings to give a cozy, welcoming feel to a living area large enough to host family and friends.

Serve dinner on the Southern inspired wraparound porch, straight from the plumbed barbecue, or move to the formal dining room featuring built in corner cabinets and French doors of its own.

The master bedroom has a vaulted ceiling and windows looking out to Redwoods. A fireplace set into the wall adds a cozy feel, complimented by built-ins ready to display your favorite family photos, mementos from your travels, or your favorite books. An enormous closet and master bath finish the suite with a fast fill Jacuzzi tub and a shower that doubles as a steam room. Lots of storage and two sinks make it practical as well as luxurious. French doors open to the porch and the level back yard with views of the hills.
